Supervisor Knabe made the following statement:

“The Los Angeles County Seniors Count! Needs Assessment was developed in partnership with the Los Angeles County Area Agency on Aging Advisory Council, the Los Angeles County Commission on Aging and the Los Angeles City Department of Aging. Wide dissemination of the survey to every conceivable point of contact for seniors is a most effective means to ascertain unmet needs of seniors across the County.

“The extensive outreach and dissemination plan includes houses of worship, senior and recreation centers, libraries, County parks, County of Los Angeles Superior Court of California offices, and service providers. Responses to the needs assessment survey will be used to plan and implement services for older adults residing in Los Angeles County by age, gender and community.”

Therefore, on motion of Supervisor Knabe, seconded by Supervisor Antonovich, unanimously carried (Supervisors Molina and Burke being absent), the Board proclaimed October 2006 as “Los Angeles County Seniors Count! Needs Assessment Month,” and encouraged all residents age 60 and older to complete the needs assessment survey during the month of October.
